Net metering is available

The process of connecting a small (100 kW or less) wind turbine or solar power system to the electric utility grid is called interconnection. The Missouri law "Net-Metering and Easy Connection Act" specifies rules for interconnecting and providing credits for excess generation supplied to the grid. New-Mac Electric has an Interconnection Application/Net Metering Agreement based on this Act, which also addresses safety, power quality and insurance recommendations.

For more information regarding net metering on the New-Mac Electric system, contact our member services department at 451-1515 or 800-322-3849.

Offices closed for holidays

New-Mac's offices will be closed Dec. 24-25 for Christmas and Jan. 1 for New Year's Day.

Merry Christmas & a Happy New Year!

From Your Friends at **New-Mac Electric**

Energy Partners'
Recipe of the Month:

OREO BALLS

Submitted by New-Mac member: **Sheila Hastings**

- 1 pkg. Oreo cookies
- 1 pkg. cream cheese
- 1 pg. vanilla almond bark wax paper

Set out cream cheese to soften to room temperature. Crush up Oreos till fine in large ziplock bag. Combine cream cheese and crushed Oreos till well blended in a large bowl. Roll mixture into bite-size balls and set aside. Melt almond bark. Dip Oreo balls and place on wax paper.

These will also keep well in the freezer (if they last that long).

Send your recipe, along with your name and customer number, to: Recipes, c/o New-Mac Electric Cooperative, P.O. Box 310, Neosho, MO 64850; or recipes@new-mac.com. If your recipe is selected, New-Mac will apply a \$15 credit to your bill.
