

# What is YOUTH TOUR/CYCLE

**New-Mac Electric's tenth annual Youth Tour/CYCLE Contest will send students to Washington, D.C., or Jefferson City for expense-paid educational experiences this upcoming summer.**

Youth Tour is a week-long trip to Washington, D.C., sponsored by electric cooperatives from all across the country. Delegates are selected by each co-op, grouped together with peers from their state, and then sent to the nation's capital. Missouri will send over 100 delegates, who will join approximately 2,000 from other states at our nation's capital June 15-21.

The Missouri students will see sites such as the Jefferson Memorial, Washington Monument, World War I Memorial, Smithsonian Institution, International Spy Museum and many more. Also, they will learn

about the workings of our government while developing life-long friendships with their fellow delegates. To learn more about Youth Tour, visit [youthtour.coop](http://youthtour.coop).

CYCLE stands for Cooperative Youth Conference & Leadership Experience. It is a four-day trip to Jefferson City, where more than 100 students learn about our state government, cooperatives and leadership in general. Delegates will tour the City Museum in St. Louis, Missouri Supreme Court and State Capitol. They also will have the opportunity to debate a fictional bill from the actual floor of the House of Representatives. CYCLE will take place July 15-18.
